Walls & Ceilings	£85	£115	£140

Hourly rate card fees apply to call-out and maintenance work and when the job is too small to warrant an estimator visit to quote in advance. We charge a fixed hourly rate that covers investigation time and any other time needed to complete the job. A minimum of 1 hour is charged on any hourly rate jobs, after which the total cost increases in half hour increments. If you want your tradesperson to carry out an investigation to scope the job, but then decide not to go ahead, you will still be charged for their time.

### Notes:

Rates are valid from the date shown

Rates listed here are exclusive of VAT

Reduced half-day and full-day rates are available on request

Special rates may be applied for public holidays

Hourly rates may not apply to scoped jobs and do not apply to fixed-price jobs
